AMERICANS IN PARIS IN DANGEROUS DISCOMFORT

Paris, Aug. 4.—The scarcity of provisions in Paris and the withholding of money by the French banks today increased the seriousness of the situation so far as it affected Americans.

Henry W. Diederich, the American consul general in Paris, sent a cablegram to Washington asking the state department to send a ship to relieve the distress of American citizens.

Albert H. Gary and H. S. Hargan, chairman and secretary, respectively, of the committee formed to aid Americans in Paris, have issued a circular which reads in part as follows:

"The secretary has received the names of many hundreds of Americans who are here and he is hearing their particular circumstances and desires concerning transportation and so forth. The committee is obtaining the facts relating to the financial condition and the means of departure from France."

The United States embassy yesterday afternoon issued about 1,000 certificates of American nationality and the consul general handed out as many more.

All day at the embassy the crowd never numbered less than 1,000 until dark. The French authorities will

FIVE MILLIONS GOLD AVAILABLE IN NEW YORK

New York, Aug. 4.—Five million dollars in gold private funds are immediately available for shipment to London and Paris for relief of Americans in Europe and will be sent by any vessel, warship or otherwise, which the government may designate. Out of this fund there will be cashed travelers' checks held by stranded Americans, no matter to what American banks the checks may have been issued, and where Americans abroad do not hold travelers' checks, funds will be advanced them on their own personal checks on American banks.

This announcement was made today by Louis M. Porter, manager of the bureau of public relations of the American Express company.

Mr. Porter said that the money had been raised by the express company and the Bankers' Trust company of this city, and that the two concerns expected definite reply to night to their request that they be made the government's fiscal agents abroad and disburse the \$250,000 already appropriated by congress.

AMERICANS CAUGHT IN GERMANY MUST STAY

Washington, Aug. 4.—No Americans can leave Germany for the present. Through the German embassy at Newport the state department has been informed that during the progress of mobilization no foreigners will be permitted to depart.

The German order applies alike to men, women and children, although its purpose is to prevent the flight from Germany of men eligible for military service under pretext of citizenship. The inclusion of women and children in the decree is explained by the apprehension that valuable military information regarding the process of mobilization and especially the points of concentration of the German forces might be conveyed by women.

SENATE READY TO PASS SHIPPING BILL

Washington, Aug. 4.—The senatorial committee favorably reported the bill to bring foreign ships under American register, and the senate was ready to pass it.

HUNDREDS OF AMERICANS STRANDED IN NETHERLANDS

London, Aug. 4.—Arriving today on what probably will be the last boat for some time for the Hook of Holland, W. T. Meierath of New Haven, N. J., reported that the harbor at the Hook was being mined and that countless Americans were stranded in The Netherlands. He said:

"At Hanover, Prussia, where I stopped while on my way to Berlin, I saw a woman and her two children with \$2,500 in checks but without any cash. The American consul was unable to aid her.

"Americans, however, are showing a splendid spirit and are dividing their last crust. We traveled for twenty-four hours without food, locked in the cars all night in cramped positions. There was great suffering but the children and the women remained game.

"The Germans," he continued, "are enthusiastic for war, the men and women joining in patriotic demonstrations. A rumor that Russia had decided on peace was received with regret. One German said to me: 'It is a big thing; we want to have it out now.'"

There was a big line of people in the streets in front of the American Express company offices in London today waiting to cash checks. Great crowds also thronged about the steamship offices.

The United States embassy was filled with Americans making the usual requests for money and for ships to take them home. A few asked for passports, hoping to rescue relatives on the continent.

Droppers Minister to Greece.

Washington, Aug. 4.—Prof. Garrett A. Droppers of Williams college was nominated by President Wilson today to be minister to Greece, succeeding George Fred Williams of Boston, whose resignation was demanded because of his criticism of the powers in Atlanta.

Men Pay Homage to Mother's Friend

"I am not surprised to observe the number of men who come into the store to buy Mother's Friend," remarked a leading druggist.

The expectant mother if she hasn't heard of this splendid emulsion is probably not reading the papers to much extent. And if she does it is a happy thought to send hasty to the drug store. "Mother's Friend" is applied externally over the abdominal muscles.

It is a gentle, soothing liniment, penetrates to the fine network of nerves beneath the skin and has a marked tendency to relieve the muscular strain to which these broad, flat abdominal muscles are subjected. The cords, tendons and ligaments are able to contract and stretch without this corresponding surface strain so often involved during the period of gestation. And particularly to young mothers is this remedial application of inestimable value since in thus keeping the muscles firm and pliant it enables them to go through the normal contraction of the epidemic often the case when this gentle attention is neglected.

"Mother's Friend" is highly recommended by a host of women. Write James R. Bogart Co., 1121 Lamar Ridge, Atlanta, Ga., and we will send you a sample little book to acquaint mothers

CONNELLY PLACING FILM PRODUCT IN NEW YORK

Albuquerque Man Breaks into Promotion Game in the Big Town with Albuquerque Company's Plays.

The Photoplayers' Weekly of Los Angeles in its issue of August 1, has the following:

G. P. Hamilton, president and general manager of the Albuquerque Film Manufacturing company, Inc., who reached New York Monday, and who reports that the product of said company is receiving commendation wherever it is shown.

Arrangements have been concluded with a most reliable firm to handle the comedy releases of their company, and when we take into consideration the fact that Miss Dot Farley will write the stories and handle the comedy leads in Mr. Hamilton's productions, it is proof sufficient that great work will be done, and in their latest comedy production, "Soul Mates," just completed, Miss Farley was ably supported by Mr. George (Buck) Connors whose impersonation of the homely ranchman who at last secures a mate, gave both Miss Farley and Mr. Connors splendid scope for their rare ability.

Their great three-reel Indian picture entitled "The Lust of the Red Man," will be shown in Los Angeles about August 4th, and their classic western drama, "The Price of Crime," is to be released August 31.

Miss Farley has entirely recovered from her escape from a watery grave, and is a very busy woman preparing her next story.

Mr. Archer MacMakin is making himself very popular and valuable, and his productions make even Hamilton laugh, and that's "going some," for Hamilton, like Martin Beck, the genial general manager of the great Orpheum circuit, engages no comedian who cannot make Martin laugh. Believe me—some job.

WANTS TAX MONEY TURNED OVER TO ROAD BOARD

A. B. Stroup Petitions County Commissioners Regarding Delinquent Collections—Can't Do it, Say Solons.

Citing the statute covering the disbursement of delinquent tax collections, A. B. Stroup, whose activity in good roads movement is well known, petitioned the county commissioners at their meeting today to apportion the delinquent taxes collected for the years prior to 1911 between the county road fund and the county school fund. The law says such money is to be divided between the two funds in the discretion of the commissioners who ever all floating indebtedness of the county is paid in full.

The commissioners denied the petition, because, it was stated, all indebtedness has not been liquidated. The tax money amounts to \$1,300 in round figures.

The board awarded the bid for a steam heating plant for the courthouse to the Elliott Engineering company of El Paso, the figure being \$2,457. A. L. Staelin bid \$2,605 and John Stromquist \$2,150. Under the contract the plant is to be ready for operation by the middle of September.

HEED THE WARNING.

Many Albuquerque People Have Done So.

When the kidneys are weak they give unmistakable warnings that should not be ignored. By examining the urine and treating the kidneys upon the first sign of disorder, many days of suffering may be saved. Weak kidneys usually excrete dark, ill-smelling urine, full of "brickdust" sediment and painful in passage. Sluggish kidneys often cause a dull pain in the small of the back, headaches, dizzy spells, tired, languid feelings and frequently rheumatic twinges.

Doan's Kidney Pills are for the kidneys only. There is no better recommended remedy.

Albuquerque people endorse Doan's Kidney Pills.

Mr. E. Adair, 823 S. Edith St., Albuquerque, says: "I had a pain below my shoulder blades. When I was on my feet or walking around, I didn't feel the trouble but the minute I sat down, the pain began. One box of Doan's Kidney Pills brought relief. I know that Doan's Kidney Pills are just as good as they are claimed to be. Occasionally when I feel in need of a kidney medicine, I take them and I always get quick results. I have advised other kidney sufferers to try Doan's Kidney Pills and I continue to recommend them as highly as I did some years ago."

SENATE RESOLUTION

four hours after a ship belonging to another belligerent has departed from such waters. Frequenting of American waters by an armed ship of any of the belligerents would be considered unfriendly and offensive.

The proclamation continues that if any ship of war or privateer of a belligerent shall enter any waters of the United States it shall be required to depart within twenty-four hours without taking supplies beyond what may be necessary for its immediate use.

As the treaties of the United States provide that a neutral nation shall maintain a strict and impartial neutrality, the president in his proclamation warns all persons who claim the protection of the United States to obey such neutrality. Persons violating such neutrality can in no wise obtain the protection of the United States against the consequences of their misconduct.

Persons in a neutral country may manufacture and sell arms and munitions of war but they cannot carry such articles on the high seas for the use of a belligerent, according to the proclamation.

RESERVISTS HAVEN'T EAT LESS MEAT SHOWN SIGNS OF LEAVING HERE

Between 75 and 100 Members of European Armies Estimated to be in Albuquerque. Don't Have to Go.

In Albuquerque at the present time it is estimated that there are between 75 and 100 members of European armies. As far as inquiry has disclosed, none of them have been ordered to report, and none of them have made any plans to go to the front.

There is no record of the exact number of reservists among the forces here, but it is estimated that members of the second and third lines of Austrian and German defense in Albuquerque number about 50. There are said to be about 25 Italian reservists in the city.

News cables have said that all the German and Austrian reservists have been called to the colors. Italy has not yet been drawn into the war and has not ordered her forces mobilized generally.

Jad Salts is represented here by Charles Melini, commercial agent for New Mexico, but none of the other European governments have representatives. His government has communicated nothing to Mr. Melini regarding the Italian reservists, and he said today that he had heard no hint of a direct call to report to any of the reserves of the other governments.

The reservists in this country don't have to answer the call to the colors unless they choose. If patriotism doesn't move them to join their countrymen in arms against the enemy, their governments can't do a thing to compel them to cross the ocean and join in the war.

MORTUARY.

Louis Berens, 13 years old, died yesterday at big apartments in the Highlands from tuberculosis. Mr. Berens came here two months ago from his home at Lenox, S. D., with his parents. They returned home a short time ago believing he was on the road to recovery. The body was shipped this afternoon by Strong Bros. Burial will be at Lenox.

INFANT MARIA BAROLA.

Infant Maria Barola, 6 months old, daughter of Feliciano Barola, 1215 South Broadway, died at 9 o'clock yesterday morning. The funeral was held in Crockett's chapel at 9 o'clock this morning. Burial was in San Jose cemetery.

JAP GAMBLER FINED FIFTY IN CITY COURT

C. T. Hayashi, a Jap, was fined \$50 by Police Judge Craig last evening for operating a "klondike" game in a South Second street pool room. He was sentenced to thirty days in jail, but Judge Craig suspended the sentence.
